IACES 2023 - MADRID

INTERNATIONAL ADVANCED COURSE ON ELBOW SURGERY

WELCOME ADDRESS

For all the Elbow Lovers,

As part of our continuing efforts to spread the knowledge on elbow surgery, we will be organizing the sixth edition of the Madrid International Advanced Course on Elbow Surgery, IACES 2023.

All the previous editions were very successful, with more than 350 delegates from 43 countries and a fantastic feedback.

The Madrid IACES 2023 will take place from May 25th-27th 2023 at the same venue, Hotel Melia Castilla, in Madrid. We have structured a great comprehensive program, full of fresh knowledge covering state of the art surgical techniques. We have already confirmed an outstanding faculty panel with more than 20 speakers from Europe, USA and Canada. All of them are internationally recognized experts and opinion leaders on elbow surgery. We therefore expect, once more, delegates from all over the world to attend IACES 2023. We truly believe IACES has been consolidated as an enjoyable meeting that helps us make elbow surgery more appealing for orthopaedic surgeons worldwide.

Welcome to Madrid - IACES 2023, we can only ensure that you will enjoy a fantastic meeting!
